Re: PCWA Board Supports California Water Bond - Proposition 13

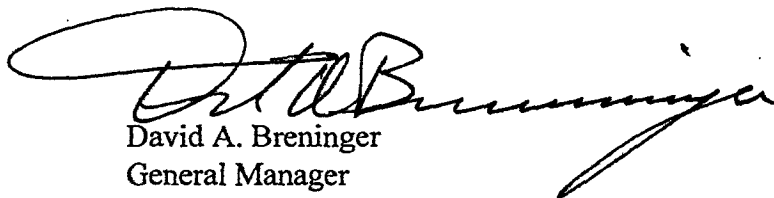

This is to notify you that the Board of Directors of the Placer County Water Agency unanimously supports the California Water Bond known as Proposition 13 on the March 7 ballot.

Proposition 13 is a proposal that strives for collateral successes for California's water resources among a wide diversity of interests. It is a statement of public policy that would commit \$1.97 billion toward achieving water resources objectives favorable for watersheds, agriculture, open space, urban areas, the environment and the economy. The measure, if approved March 7, would release funds through grants and loans for such worthy projects as watershed rehabilitation and open space protection, non-point source pollution actions, environmental benefits, clean water features, public water source and infrastructure improvements, flood control and other benefits.

A copy of the Board of Directors' Resolution 00-10 enacted on January 20, 2000, is attached for your reference.

Sincerely,

PLACER COUNTY WATER AGENCY

David A. Breninger
General Manager
